

Executive Summary

AP-05 Executive Summary - 91.200(c), 91.220(b)

1. Introduction

Each year the City of Auburn executes specific actions to implement the goals and strategies of the Consolidated Plan for Years 2020-2024. Actions that will be undertaken in 2022 are outlined in this Annual Action Plan.

The City of Auburn anticipates the receipt of \$598,383 in Community Development Block Grant (CDBG) funds in 2022. In addition to CDBG funds, the City is planned to allocate approximately 0.92% of the City's General Funds to Human Services. The City's Human Services program, housed in the Community Services Division, oversees and is responsible for providing and managing financial resources to more than 30 non-profit agencies that serve the Auburn community. The Community Services division is also responsible for administering the local housing repair program and developing collaborations among community partners to strengthen the response to residents in need.

The 2022 Action Plan proposes to allocate \$85,000 of CDBG funds to public services. Most of those funds (\$55,000) will be used to support Homelessness Prevention and Intervention. The remaining \$30,000 will be allocated to Fair Housing public services, in keeping with our Consolidated Plan priorities and challenges identified in the 2019 Analysis of Impediments to Fair Housing Choice.

A total of \$79,976.21 of the CDBG funds will be allocated to program administration, which includes planning, citizen participation, and administration of the City's CDBG-funded Housing Repair Program. \$115,000 of the 2022 funding is designated to support sidewalk ADA improvements in low- to moderate-income residential areas. The remaining \$318,406.78 will be allocated to residential rehabilitation, providing free minor home repair services to low- and very low-income Auburn residents.

The City of Auburn is committed to continuing to focus on achieving equitable outcomes for its community members and achieving a greater collaboration among service providers. Overall the implementation of the Consolidated Plan is progressing as planned and the primary activities included are underway.

2. Summarize the objectives and outcomes identified in the Plan

This Action Plan allocates a total of \$598,383 dollars in anticipated 2022 Community Development Block Grant funds, to support the Community Development Block Grant program. With the overall goal of reducing the number of people living in poverty within the City of Auburn, the following objectives and outcomes will be employed:

1. **Affordable Housing:** The City of Auburn will engage in housing activities, collaborations, and partnerships to enhance opportunities for the creation and preservation of affordable housing. The City will plan for and support fair housing strategies and initiatives designed to affirmatively further fair housing choice, and to increase access to housing and housing programs.
2. **Ending Homelessness:** The City of Auburn will support Public Service activities that work toward the following outcomes: 1) reduce the number of households becoming homeless; 2) reduce the length of time that households are homeless; 3) increase the rate of exits to permanent housing; and 4) reduce the number of households that re-enter the homeless system after exit to permanent housing.
3. **Community and Economic Development:** In an effort to meet the need of Auburn's economic and demographic growth the City intends to fund programs and activities that will enhance the economy, accessibility, safety, and physical appearance of neighborhoods. Activities that would be eligible for funding include fair housing public services, public infrastructure and ADA improvements for public facilities. These investments help to ensure equitable opportunities for good health, happiness, safety, self-reliance and connection to community.
4. **Planning and Administration:** Administer the Community Development Block Grant program to meet the community needs and HUD requirements

To accomplish these outcomes and objectives, the City invests in programs that meet the community basic needs, increase self-sufficiency, provide economic opportunity and develop a safe community.

3. Evaluation of past performance

During the past year Auburn has accomplished significant achievement on its programs and impacted the lives of thousands of residents. In 2020 alone, projects funded by the City completed the following:

- 40 very low- and low-income Auburn homeowners received housing repair services. Roughly 70% of these homeowners were seniors.

- Over 2,800 low to moderate income residents received free or low cost medical care related to the COVID-19 pandemic.
- 161 low- to moderate-income Auburn residents impacted by the COVID-19 pandemic received emergency subsistence supports.
- A sidewalk project was completed to support greater ADA accessibility for Auburn residents, with an estimated direct impact for 3,500 residents.

The City of Auburn has prioritized COVID response with CDBG funds over the course of the pandemic. In addition to fully allocating the CDBG-CV funds made available, the City reallocated \$205,000 of 2020 CDBG-EN funds to public services directed towards those impacted by the COVID-19 pandemic. The City also applied for and received over \$170,000 of CDBG-CV2 funds from the State Department of Commerce to support eviction prevention efforts in the community in 2021 and 2022.

4. Summary of Citizen Participation Process and consultation process

The city engaged in a public participation process for the 2022 Annual Action Plan, as outlined below:

- Drafts of the Action Plan were made available for public via mail and on the City's website and notices of its public view were publicized in the local newspaper as of October 1, 2021. Interested community members were invited to provide comment via mail, email, or on the City's public engagement web platform, Speak Up Auburn!, at www.speakupauburn.org/cdbg.
- A public hearing was provided on September 27, 2021, during the City's Human Services Committee meeting to hear public comment and input on priorities to be included in the 2022 Annual Action Plan. Consistent with local health guidelines related to COVID-19, this public hearing was conducted virtually.
- A public comment period was made available prior to drafting the plan, from September 14-27, 2021. Residents could provide comment through mail, email, or on the City's public engagement web platform, Speak Up Auburn.
- An additional public hearing was held on November 1, 2021, during the Auburn City Council meeting, to hear public comment and input on the published draft of the 2022 Annual Action Plan.

The City of Auburn in conjunction with the Consortium consulted with multiple public and private agencies during the development of the consolidated plan. Consultations occurred during regional meetings as well as in individual conversations. Agencies that participated in

consultations regarding public services, fair housing, and other topics relevant to the drafting of the 2022 Annual Action Plan included: the South King Housing and Homelessness Partners, local legal assistance providers, other government human service providers and nonprofit agencies delivering services in Auburn and the sub-region.

In addition to conducting consultations during the development of the plan, the City of Auburn collaborates and works closely with numerous coalitions, committees and government entities.

5. Summary of public comments

One comment was received via email by a community member seeking emergency financial assistance. In addition to noting their comment, staff reached out to the resident to provide additional resources to provide more immediate support for their individual needs.

6. Summary of comments or views not accepted and the reasons for not accepting them

No comments were rejected.

7. Summary

Although we did not receive comments through the Speak Up Auburn website, our traffic to the site to review the plan and our City's CDBG page increased significantly, indicating engagement with the draft plan. During the public comment period of October 1-November 1, 2021, the CDBG page incurred 33 views (up from a monthly average of 6 between May 2021 and July 2021). The majority of these views were from a direct link, likely in the City's email communications regarding our published plan.

AP-10 Consultation - 91.100, 91.200(b), 91.215(l)

1. Introduction

This section describes the community consultation process followed by the City of Auburn in developing the 2022 Annual Action Plan and the coordination with other local governments, the Continuum of Care, service agencies, and community stakeholders. The City of Auburn consulted with multiple public and private agencies as well as community members during the development of the Consolidated Plan.

In addition to conducting consultations during the development of the plan, the City of Auburn collaborates and works closely with numerous coalitions, committees, and government entities throughout the duration of the plan in efforts to enhance strategies and systems to meet established goals and objectives of the plan.

Provide a concise summary of the jurisdiction’s activities to enhance coordination between public and assisted housing providers and private and governmental health, mental health and service agencies (91.215(l)).

The City of Auburn works closely with partnering King County jurisdictions, public housing authorities and health providers to develop systems in order to improve the quality of service and access for low-income residents as well as the community as a whole within the city and throughout the region.

The City of Auburn, in partnership with the Seattle-King County Coalition on Homelessness, convenes a monthly group of service providers, faith communities, community advocates, and others, to coordinate efforts on serving individuals experiencing homelessness in South King County. The meeting provides a venue for resource sharing, collaboration, training, and best practice implementation. City staff also participate in regional collaborative and decision making bodies such as the King County Joint Recommendations Committee (JRC) and the South King County Human Services Planners group. The city is a member of the King County Human Services Funder Collaborative, which provides a more streamlined process for human service agencies to access funding from multiple cities.

Additionally, the City participates in monthly Homelessness Action Committee meetings with staff from King County Department of Community and Human Services, Public Health King County, the Housing Development Consortium, Valley Cities, the Multi-Service Center, and the King County Housing Authority to review program progress and delivery of homeless services funded through regional efforts. In addition to these groups, the City’s regional collaboration

work on affordable housing is supported by the South King Housing and Homelessness Partners, which Auburn and other South King County Cities contribute to in order to build additional capacity to address issues related to housing and homelessness in the South King County region.

Describe coordination with the Continuum of Care and efforts to address the needs of homeless persons (particularly chronically homeless individuals and families, families with children, veterans, and unaccompanied youth) and persons at risk of homelessness.

In 2016, King County and All Home, our region’s Continuum of Care (CoC) lead agency at the time, launched the Coordinated Entry for All (CEA) system for homeless populations and our region has been refining the system since then. National research identifies coordinated entry as a key component for an effective homeless system because it improves the quality of client screening and assessment, matches clients to appropriately targeted services and resources, and promotes a more efficient use of resources. CEA processes and prioritizes assistance based on vulnerability and severity of service needs to ensure that people who need assistance the most can receive it in a timely manner.

Chronically homeless individuals and families, families with children, veterans, unaccompanied youth, and young adults are a part of the coordinated system. In addition, CEA utilizes regional access points which serve as the primary “front door” for the homeless housing system.

In 2021, the newly-created King County Regional Homelessness Authority (KCRHA) became our CoC lead agency, and has worked to consolidate structures and contracts across King County and Seattle to create greater efficiency and maximize impact. Auburn’s mayor currently sits on the Governance Board of the Regional Homelessness Authority, and staff participate in bi-weekly meetings with KCRHA to collaborate and inform the work they are overseeing, particularly in regards to subregional planning.

Describe consultation with the Continuum(s) of Care that serves the jurisdiction’s area in determining how to allocate ESG funds, develop performance standards for and evaluate outcomes of projects and activities assisted by ESG funds, and develop funding, policies and procedures for the operation and administration of HMIS

The ESG program focuses on assisting people to quickly regain stability in permanent housing after experiencing homelessness or a housing crisis. Auburn does not receive ESG funds directly.

Coordinating with King County’s Continuum of Care (CoC) is critical to our region’s implementation. The City will continue to look for deeper ways of participating in and collaborating with the Regional Homelessness Authority and its Advisory Committee, which serves as our Continuum of Care.

The City of Auburn supports the continuum of housing including prevention, emergency shelter, and permanent housing. The City provides financial support for these efforts with City general funds and

also commits staff and leadership time to the ongoing development and implementation of the system to address the needs of persons experiencing homelessness.

The City participates in and supports numerous coalitions and committees, such as the South King County Forum on Homelessness and the Homelessness Action Committee, focusing on developing resources in South King County. The City also participates in the annual Count Us In, Point in Time Count, which provides invaluable data for planning. The City provides both CDBG and local funds to agencies that serve chronically homeless individuals and families with children, veterans, and unaccompanied youth.

	How was the Agency/Group/Organization consulted and what are the anticipated outcomes of the consultation or areas for improved coordination?	South King Housing and Homelessness Partners (SKHHP) is a coalition formed by an interlocal agreement between the jurisdictions of Auburn, Burien, Covington, Des Moines, Federal Way, Kent, Normandy Park, Renton, Tukwila, and King County. The agreement allows for South King County jurisdictions to work together and share resources in order to effectively address affordable housing and homelessness. This collaborative model is based on similar approaches used in Snohomish County, East King County, and other areas of the country. The purpose of the coalition is to increase the available options for South King County residents to access affordable housing and to preserve the existing affordable housing stock.

Table 2 – Agencies, groups, organizations who participated

Identify any Agency Types not consulted and provide rationale for not consulting

A wide range of groups and organizations participated in the process including public funders from Washington State and King County partner jurisdictions, public housing authorities, members from the Seattle-King County Housing Development Consortium, stakeholders, housing providers for low-and-moderate income persons, agencies who serve persons who are homeless, and Seattle-King County Public Health. In addition to the consultations referenced above, Auburn, King County and Consortium partner staff coordinate closely with each other and fan out to participate and attend a wide range of standing meetings with city planners, housing and service providers.

The only types of organizations not consulted with were corrections facilities. The rationale for not consulting with these facilities is that the City does not host this type of organization.

Public participation plays a crucial role in the success of the City's Annual Action Plan. The goals are to hear the community's feedback and recommendations on how CDBG funds should be invested and how services can coordinate to achieve the greatest impact. In addition to the targeted outreach listed below, the City regularly engages service providers and stakeholders in discussions regarding human services and local economic development needs. Organizations funded by the city are monitored throughout the year and report quarterly on progress, trends, and challenges. City staff co-host a monthly meeting of service providers working with individuals and families experiencing homelessness in the region to gather feedback and support increased capacity building through broad collaboration of regional providers. In addition, City staff meet regularly with other cities in the area and other funders to evaluate gaps in services and seek solutions to local and regional community development challenges.

Table 5 - Expected Resources – Priority Table

Explain how federal funds will leverage those additional resources (private, state and local funds), including a description of how matching requirements will be satisfied

The City of Auburn relies on CDBG funds to support community and economic development projects and activities in efforts to support low to moderate income populations to become self-sufficient and sustain affordable housing. However, CDBG funds are not the only source of funds the City uses to support community projects and activities. The City will be distributing federal ARPA funds in the next three years, with an expected allocation of \$1,000,000 to support the City’s Human Services Grant program.

The City's general funds are used to support direct services benefitting Auburn's at risk populations in addition to CDBG funds.

CDBG funds do not require matching funds.

If appropriate, describe publicly owned land or property located within the jurisdiction that may be used to address the needs identified in the plan

AP-35 Projects - 91.420, 91.220(d)

Introduction

Auburn's Annual Action Plan provides descriptions of proposals of how funds will be prioritized to achieve goals identified in the Consolidated Plan. Projects funded by the City will address the priority needs of providing assistance to prevent homelessness, ensure affordable housing and a suitable living environment. Projects and programs are selected through a competitive application process to ensure optimal quality services is provided to the community in use of the funds.

2	ADMINISTRATION
3	SOLID GROUND HOUSING STABILITY PROGRAM
5	FAIR HOUSING PUBLIC SERVICES
6	ADA SIDEWALK IMPROVEMENTS

Table 7 – Project Information

Describe the reasons for allocation priorities and any obstacles to addressing underserved needs

The allocations proposed are based on the assessment of Auburn's needs, the resources available in the region, the availability of other funds also focusing on needs, and the purpose of Consolidated Plan funds.

Should CDBG revenues exceed the proposed amount, the additional resources shall be allocated in accordance to the following guidelines:

- Fill gaps in human services primarily healthcare, homeless prevention and intervention and affordable housing accessibility.
- Increase funding for community development projects and activities including housing, community facilities and economic development.

If increases are not significant enough to enhance projects or activities funds may be placed in contingency for programming later in the year or the following program year.

Should CDBG revenues come in lower than anticipated; the City will continue with its planned policy and to the extent allowed reduce funding allocations in homeowner rehabilitation projects and administrative activities.

The City of Auburn received approximately \$51,000 less than was anticipated for the 2022

program year. Per our contingencies, we reduced funding in administrative activities and homeowner rehabilitation projects. In addition, in order to remain under the cap for public services, we also reduced the funding available for fair housing public services, as it has not yet been obligated.

Should CDBG revenues come in less than originally proposed, the City will continue managing the programs with decreased resources to the extent possible and reduce funding allocations in administrative activities and not public services.

AP-75 Barriers to affordable housing -91.420, 91.220(j)

Introduction

The City of Auburn will continue to work with service providers, the housing authority and residents in coordination to fully address and develop systems and strategies to promote their efforts in providing sustainable, affordable housing.

Auburn's partnerships with organizations such as the King County Housing Authority, South King Housing and Homelessness Partners, and the Housing Development Consortium of Seattle King County have allowed the City to explore new and innovative strategies to continue to offer affordable housing to its current and prospective residents.

Actions it planned to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment

The City of Auburn will continue to look at policies that remove barriers to affordable housing. The City of Auburn's Comprehensive Land Use Plan includes several policies and objectives that will guide the city toward achieving its affordable and fair housing goals. These policies include maintaining flexibility in land use to achieve a balanced mix of affordable housing opportunities. The City will continue to pursue mixed use developments that are consistent with the transportation oriented developments located in Auburn's downtown. The City will look for opportunities with public and private agencies to implement policies and offer programs that help alleviate physical and economic distress, conserve energy resources, improve the quality and quantity of community services, and eliminate conditions that are detrimental to health, safety and public welfare.

In 2019, the Washington State Legislature adopted House Bill 1923, which awarded grants in the amount up to \$100,000 to cities for the purpose of increasing residential capacity. The City of Auburn partnered with five other South King County jurisdictions to establish a sub-regional framework of existing conditions. The results of that effort were used to inform and aid in the development of Auburn's own Housing Action Plan.

Auburn's Housing Action Plan focuses on encouraging construction of additional affordable and market rate housing in a greater variety of housing types and at prices that are accessible to a greater variety of incomes, including strategies aimed at the for-profit single-family home market. The final Housing Action Plan was adopted by Auburn City Council on July 6, 2021. The City will continue its work in implementing strategies identified in the Housing Action Plan in 2022 and through the remainder of the Consolidated Plan period.

In 2020 the City of Auburn passed an ordinance adopting a new chapter of Rental Housing Code. Included in this ordinance were multiple housing stability strategies, including increased notice of rental increases, a cap on late fees, and a Just Cause Eviction Ordinance that requires landlords to have good cause in order to evict or terminate tenancy of a renter. Just Cause protections are especially helpful in addressing fair housing issues, and this adoption was consistent with the City's efforts related to the Analysis of Impediments to Fair Housing Choice. This builds on previous protections passed by Auburn City Council, including Source of Income Discrimination protections and enhanced rental inspections. Auburn staff have been involved in local and regional policy conversations exploring opportunities to further support anti-displacement efforts and reduce barriers to affordable housing development within our jurisdiction.

AP-85 Other Actions - 91.420, 91.220(k)

Introduction

The City of Auburn will continue to work with service providers throughout the region in coordination to develop systems and strategies to promote their efforts in providing optimal, easily accessible services. The City will work to reduce the number of families in poverty, sustain relationships with employment training agencies, and work to preserve and increase the affordable housing stock in our community.

Actions planned to address obstacles to meeting underserved needs

By establishing a strong foundation of networks between local service providers, stakeholders and government agencies through committees and coalitions, the City will work in partnership to address obstacles and ameliorate barriers to meeting underserved needs. The collaborated organizations will develop detailed strategic plans that will delegate tasks, build systems and ongoing assessment of service delivery.

Actions planned to foster and maintain affordable housing

The City will continue to maintain the affordability of decent housing for low income Auburn residents by allocating nearly \$300,000 of CDBG funds to the City's Housing Repair Program. The program provides emergency repairs necessary to maintain safe housing for at least 65 Auburn homeowners, many of whom are senior citizens and/or are experiencing barriers to safely accessing their homes due to physical disabilities.

In addition to Auburn's Housing Repair program, the City will maintain affordable housing by continuing to engage and partner with coalitions, committees and other government agencies to integrate and enhance efforts on the issue.

The City has formally adopted a Housing Action Plan, as discussed in AP-75, that is helping to guide current and future efforts in this area. That plan is available to the public on the City of Auburn's website.

Auburn has been participating in multiple robust regional efforts to coordinate affordable housing activities in King County. One of these efforts, The South King Housing and Homelessness Partners (SKHHP) is a coalition formed by an interlocal agreement between the jurisdictions of Auburn, Burien, Covington, Des Moines, Federal Way, Kent, Normandy Park, Renton, Tukwila, and King County. The agreement allows for South King County jurisdictions to work together and share resources in order to effectively address affordable housing and homelessness. This collaborative model is based on similar approaches used in Snohomish County, East King County, and other areas of the country. The purpose of the coalition is to

increase the available options for South King County residents to access affordable housing and to preserve the existing affordable housing stock.

Additionally, the City of Auburn has been an active participant in the recently formed Affordable Housing Committee of the Growth Management Planning Council (GMPC), with a City Councilmember sitting on the Committee as a voting member. The Affordable Housing Committee serves as a regional advisory body to recommend action and assess progress toward implementing the Regional Affordable Housing Task Force (RAHTF) Five Year Action Plan. The Committee functions as a point in coordinating and owning accountability for affordable housing efforts across King County.

Actions planned to reduce lead-based paint hazards

The City of Auburn includes language in its CDBG contracts that require agencies to comply with HUD Lead-Based Paint Regulations (24 CFR Part 35) issued pursuant to the Lead-Based Paint Poisoning Prevention Act (42 U.S.C. Sections 4831, et seq.) requiring prohibition of the use of lead-based paint whenever CDBG funds are used. In addition, the City notifies residents of potential lead-based paint hazards when it awards a Housing Repair grant. A copy of the pamphlet – "Protect Your Family from Lead In Your Home" is provided each Housing Repair client when the City conducts the initial inspection of their home.

The city takes additional measures when the age of the home indicates a possible presence of lead-based paint. Before housing repair work commences, the city contracts with a certified provider to undertake lead paint testing. When lead-based hazards are positively identified, the city works with the housing repair client and contractors certified in RRP Lead Abatement to implement the necessary mitigation and safety strategies.

Actions planned to reduce the number of poverty-level families

The City of Auburn's planned actions to reduce the number of poverty- level families within the context of this Annual Action Plan include but are not limited to:

- Allocating over \$300,000 to the Housing Repair program, which serves low- and very low-income residents and supports households to remain in safe and affordable housing.
- Allocating \$55,000 to public service activities providing Homelessness Prevention and Intervention services.
- Participate and partner with coalitions, committees and agencies that provide antipoverty services to develop and enhance strategies and efforts to reduce poverty

level families.

- Supporting the development and sustainability of affordable multi-family housing in Auburn.

In addition, the city will continue to support and fund programs serving families living in poverty through a competitive human services funding process.

Actions planned to develop institutional structure

The City's planned actions to address the gaps and weaknesses identified in the strategic plan include:

- Maintaining partnerships with and participating in the South King County Housing and Homelessness Partnership, the Regional Homelessness Authority of King County and other regional human service providers, coalitions and committees who address homeless issues. The City will also continue to work collaboratively with partnering organizations and groups to integrate and enhance services to provide optimal services to individuals and families currently experiencing or at risk of homelessness. In addition the City plans to prioritize General Fund human services dollars for housing and homelessness interventions, and allocate more than \$150,000 to basic needs services such as food, financial assistance, clothing and healthcare.
- Take a comprehensive approach to consolidated and comprehensive planning to include all internal City departments, commissions, committees and task forces.

Actions planned to enhance coordination between public and private housing and social service agencies

The City of Auburn has heavily contributed and intends to continue cultivating relationships between public and private housing and social service agencies. In addition the City will continue to participate in collaborations with the South King County Forum on Homelessness, the South King County Council of Human Services, Seattle-King County Housing Development Consortium and the King County Joint Planners Meeting.

Discussion

The expressed goal of the City's Consolidated Plan is to reduce the number of people living in poverty within Auburn. The City intends to give funding priority to programs that in addition to complying with federal regulations and address a priority a outlined in the Consolidated Plan

are consistent with all of the goals and objectives identified.
